The Great Exchange Program

This program facilitates the disposal of used refrigerant.

Program Highlights are:

- 30, 50 & 125 pound tanks qualify
- Refrigerant CANNOT be mixed, i.e. R-410A, R22, R404, etc.
- Exchange tank MUST BE CERTIFIABLE
- Customer will bring in tank, tank is weighed and a receipt is given for each tank. The customer receive a replacement tank.
- ANY TANK RECEIVED WITH MIXED GAS WILL INCUR A CHARGE OF \$100.00
- Three occurrences of mixed refrigerant that has been turned in will cancel this agreement

Online Services - ComfortSite™

Did you know you can receive online support 24/7? Program highlights are:

- Order/ check availability of parts 24/7
- Submit/ process warranty credit requests (WCR) claims
- Product support online/ replacement comparison tools
- Account status and financing

On-Site Inventory

Our On-Site Inventory Program saves you time and money by eliminating un-necessary trips. Here's how it works:

- A Trane Parts Center representative helps your business to determine what kind of truck stock your company needs.
- We supply you with the items and you don't pay for it until you use it.
- We even keep track of the inventory.

Specialty Products

- We have standard and spring return actuators in stock for control dampers.
- VAV systems for individual room air control.
- For open and closed HVAC water circuits.

- ABB Drives allow the ultimate flexibility in motor control performance
- The Trane Parts Center has ABB Drives in stock and ready to deliver to you.
- ABB Drives performs accurate speed control of any standard squirrel cage motor.

Mini-Splits

- Features Smart Inverter Technology
- DC Driven compressor features the ability to vary the compressor output to match the capacity required inside the room or zone, based on the indoor temperature, the requested set point and the outdoor ambient.
- Provides energy savings for the system - both 9 and 12,000 Btu/h units are Energy Star approved as Energy Efficient devices
