

On the Road to You in 24 Hours!

RENTAL SERVICES

Is Your Facility Prepared for an HVAC System Shutdown?

No matter what type of facility you have, Trane can help you with your temporary cooling needs. Having a plan in place can help you save thousands of dollars in down time, lost work time and/or re-scheduling clients, students or patients. We can help you with:

- Chilled water systems from 10 tons to tens of thousands of tons!
- Modern, reliable Trane chillers specifically equipped for rental purposes
- Large complement of accessories including: cooling towers, pumps, interconnecting pipes and electrical distribution
- Fast, 24 hour availability - many only a few hours away in Charlotte, NC!
- Unmatched product/ systems applications knowledge

Typical Emergency Applications

- Critical chilled water system component failure (chiller or cooling tower)
- Recovery from natural disaster or fire

Typical Planned Applications

- Continuous cooling during equipment replacement or maintenance
- Temporary cooling during "special events"
- Standby cooling during critical situations
- Temporary cooling during expansions and/or renovations
- Additional cooling capacity to maintain comfort in extreme conditions
